Dear Parents and Carers,

As you are all aware, the current lockdown has been extended until next Tuesday (27/7 11.59pm), which means the remote learning journey continues for our community here at Pentland.

The work packs that the students are currently working on will last until Friday 23rd July. There will be another work pack available for collection on this day. **Please note that the collection will be from the library between 10am-2.30pm.** This will contain work for the students for the following week. Please remember to wear a mask, practice social distancing and check in using the QR code when you are on site for collection. There will also be a 1 hour live Webex session each day for the students to engage in. It is very important that students attend these sessions as it is a chance for your children to connect with their fellow students and is a great way to keep on top of everyone's wellbeing during this difficult time.

Of course, we are all hopeful that the lockdown will end on Tuesday but in the case of another extension, Wednesday 28th of July would be used as Wellbeing Wednesday and the work packs would continue to be used on Thursday and Friday. If we were to find ourselves still in a lockdown situation after this point, an online remote learning model would commence, week beginning 2nd August.

Just a reminder that if your child does need to attend on site and falls into any of the appropriate categories, please contact us to advise us of what days your child would need to attend so we can prepare staffing accordingly.

If you have any questions or concerns, please do not hesitate to contact us via phone or email.

Kind regards,

Andrew Harrison

Principal
