**Principal : Mr Andrew Harrison**

Dear Parents, Carers and Staff,

Our school has been advised of 5 confirmed COVID-19 cases that attended Pentland Primary School.

I would like to reassure you that we took immediate action as soon as we became aware of the situation and sought advice from the Department of Education and Training (DET) and the Department of Health (DH).

We have contacted all primary close contacts.

Our school will remain open and continue operating in line with the current advice from the Victorian Chief Health Officer.

All other students and staff will continue with face-to-face learning.

All impacted areas have had a deep clean and additional cleaning protocols remain in place as per the current DET directives.

**We have implemented some updates to our school operations**, with a major focus on separating cohorts within the school:

- Our spelling program will be suspended until further notice.
- Our Breakfast Club program will be suspended for the next two weeks.
- The Art Show WILL go ahead next week, we will provide more details when we can.
- Assemblies will go back to being held via WEBex.
- We will be requesting students sanitise at the entrance gates to school on arrival and we will continue to encourage regular hand washing and/or sanitising throughout the day. Likewise, surfaces will continue to be wiped down on a regular basis.
- The wearing of masks at school by our eligible students has been very minimal. We would like to re-iterate how important it is to follow the Chief Health Officer's advice when it comes to minimising the spread of COVID-19. This advice includes mandatory mask-wearing for students in Grades 3-6 and recommended mask-wearing for students in Foundation – Grade 2.
- We will continue to send home children that display even mild cold and flu symptoms. We appreciate everyone's support with this initiative.
- By working together and following the health advice given to us, we can get on top of this current outbreak, so we thank you for your co-operation in advance.

If you or anyone in your family develops even the mildest of symptoms, please get tested.

**If you are contacted and advised that you or your child is a potential PCC, it is advised that you or your child get a COVID test and limit your/their movements outside of the home.**

This means that, until you hear further from me or the Department of Health or a Local Public Health Unit (DH/LPHU), you are advised to only leave home for brief periods for necessary activities, such as:

- exercise
- caregiving to family members when no alternative is available
- necessary medical appointments where no alternative is available (such as telehealth)
- shopping for necessary items, only where no one else in the household can perform this task and no alternative is available (such as delivery).

DH/LPHU will then contact PCCs directly to interview them and advise if there are any changes to their PCC status. These calls or text messages can come from private or unknown numbers. Please answer these calls or follow text message advice if you receive a call or text message. If confirmed, DH/LPHU will send an SMS to the PCCs advising them of their quarantine, testing and release dates (this may take some days).

PCCs will no longer receive a clearance text message from DH to confirm their release from quarantine. For those who are undergoing 7 days of isolation, the return of a negative day 6 test is sufficient for release. For those who are undergoing 14 days of isolation, the return of a negative day 13 test is sufficient for release.

The rest of your family does not need to stay at home at this stage.

**If you have questions** about what this means for our school, please call the Department of Education and Training COVID-19 hotline on **1800 338 663**, available 8:30am to 5pm Monday through Friday, and 10am to 3pm Saturday and Sunday.

If you are concerned you have COVID-19 you can call the DH COVID-19 hotline on **1800 675 398**, available 24 hours a day, seven days a week.

For school information in languages other than English, call TIS National on **131 450**. Please ask them to call the DET COVID-19 hotline on **1800 338 663** and they will help interpret. For health advice in languages other than English, visit [coronavirus.vic.gov.au/translated-information-about-coronavirus-covid-19](https://coronavirus.vic.gov.au/translated-information-about-coronavirus-covid-19).

I would like to thank the entire school community for your support during this time.

Yours sincerely,

**Andrew Harrison**  
Principal  
Pentland Primary School
