WHAT YOU NEED TO KNOW

If your child is not experiencing COVID-19 symptoms, they can continue to attend school, but you should monitor for symptoms.

Students who show symptoms of COVID-19 cannot attend school and should get tested immediately and isolate until they receive a negative result.

Students should continue with twice-a-week rapid antigen testing on school days.

Students who have recovered from COVID-19 do not need to participate in surveillance testing for 30 days after their isolation period has ended. For information on symptoms visit: <https://www.coronavirus.vic.gov.au/symptoms-and-risks>. For more information on how to get tested visit: <https://www.coronavirus.vic.gov.au/taking-test-covid-19>.

If your child returns a positive result, your child has COVID-19.

- * You must quarantine your child for seven days
- * You must advise the school about the positive result
- * Your child must stay home until their symptoms have resolved and they are well

Reporting your child's positive test

If your child was at school when they were infectious you need to report the positive case through the Student COVID-19 Test Portal or you can notify the school in writing or by phone. You must also report your child's positive test to the Department of Health via the COVID-19 Positive Rapid Antigen Test Self-Reporting Form or call centre on 1800 675 398.
